

# Order a Limited Edition Print of “Leland’s Legacy” by Sam Lyons, Aviation Artist

Leland Snow revolutionized the agricultural aviation and fire fighting industry over the past 50 years. In doing so he built better planes and a company called Air Tractor. Family, friends, peers and employees gathered in April, 2008 to celebrate his amazing history of accomplishments and innovation, and to present the original painting from which the print is made. The trio of airplanes pictured, the Snow S-2A, AT-301, and AT-802A, represent a lifetime of achievement. Note the N# on the AT-301, “N50LS”

The print edition is limited to 300 signed and numbered giclee prints. Image size of the print is 15"x 23" and is printed on archival paper with 100-yr. ink. Each print will come with a Certificate of Authenticity.
